Table 1: Citizen-Generated Grassroots BPM Cases – Successful Initiatives

Case	Archetype	Short Description	Governance & Process Maturity	Sources
Community Knowledge Builders				
Map Kibera	Community Knowledge Builder	Community-led informal settlement mapping	Iterative validation; workshops; local ownership	[49, 19, 21, 20, 22, 15]
OpenStreetMap	Community Knowledge Builder	Global volunteer mapping infrastructure	Tagging standards; peer review; distributed governance	[40, 41, 43, 28]
Missing Maps	Community Knowledge Builder	Humanitarian crisis mapping initiative	NGO-coordinated volunteer workflows	[23, 14, 25, 24]
HOT Participatory Mapping	Community Knowledge Builder	Community disaster resilience mapping	NGO-supported governance structure	[11]
Sensor.Community / Luftdaten	Community Knowledge Builder	Citizen-operated air-quality sensing network	Calibration protocols; shared standards	[50, 35, 18, 2]
Snifferbike / Snuffelfiets	Community Knowledge Builder	Cyclist-based mobile environmental sensing	Institution-supported participatory sensing	[56, 36, 37, 38, 1, 12]
Citizen Ozone Monitoring	Community Knowledge Builder	Citizen-operated PM2.5 monitoring testbeds	Formal calibration and uncertainty frameworks	[51, 17, 3]
Community Air Quality Monitoring (successful cases)	Community Knowledge Builder	Local environmental sensing influencing policy	Participatory governance frameworks	[64, 45]

Table 2: Citizen-Generated Grassroots BPM Cases – Successful Initiatives

Case	**Archetype**	**Short Description**	**Governance & Process Maturity**	**Sources**
Civic Infrastructure Creators				
Guifi.net	Civic Infrastructure Creator	Community-owned broadband infrastructure	Cooperative governance; distributed maintenance	[39, 69, 13]
NYC Mesh	Civic Infrastructure Creator	Volunteer-built mesh internet network	Community technical governance	[48, 27, 4]
DIY Traffic Calming (adopted cases)	Civic Infrastructure Creator	Community-built street redesign prototypes	Prototype → negotiation → partial uptake	[43]
Participatory Policy Innovators				
Better Reykjavik (early phase)	Participatory Policy Innovator	Digital grassroots policy co-creation	Citizen proposal–voting cycles	[58, 57, 8, 9]
Participatory Budgeting – Porto Alegre	Participatory Policy Innovator	Citizen-designed municipal budgeting process	Formal deliberation → voting → allocation	[71]
Participatory Budgeting – Paris	Participatory Policy Innovator	City-wide digital participatory budgeting	Institutionalised participatory workflow	[31, 32, 30]
LiquidFeedback	Participatory Policy Innovator	Delegative digital democracy platform	Structured proposal–delegation–voting cycle	[55, 16]
Neighbourhood Plans (completed)	Participatory Policy Innovator	Citizen-led spatial planning initiatives	Formal consultation and adoption pathway	[70, 42, 26]

Table 3: Citizen-Generated Grassroots BPM Cases – Successful Initiatives

Case	**Archetype**	**Short Description**	**Governance & Process Maturity**	**Sources**
Tactical Mobilisers				
Times Square Pedestrianization	Tactical Mobiliser	Temporary pedestrian plaza pilot that became permanent redesign	Prototype-driven intervention later institutionalised	[33, 34, 66, 59]
Better Block Project	Tactical Mobiliser	Community-led temporary street transformations	Rapid prototyping → municipal adoption pathways	[7, 67, 61, 68]
Bogotá Ciclovía	Tactical Mobiliser	Temporary open streets programme institutionalised citywide	Recurring pilot → permanent policy integration	[6, 10, 62, 54, 60]
Park(ing) Day	Tactical Mobiliser	Temporary parking space occupation influencing parklet policy	Direct-action prototype → planning reform	[29, 5, 53, 47]

Table 4: Citizen-Generated Grassroots BPM Cases – Failed or Collapsed Initiatives

Case	Archetype	Failure Description	Governance & Breakdown	Sources
Community Knowledge Builders				
Collapsed Air-Quality Projects	Community Knowledge Builder	Volunteer fatigue; credibility disputes; scaling breakdown	Weak maintenance governance; data legitimacy challenges	[63, 46]
Collapsed OSM Local Chapters	Community Knowledge Builder	Contributor withdrawal; leadership loss	Lack of succession planning; burnout	[52, 44]
Civic Infrastructure Creators				
Failed Community Broadband Scaling	Civic Infrastructure Creator	Financial and technical fragility during expansion	Funding shortages; governance gaps	[65]
Participatory Policy Innovators				
Abandoned Neighbourhood Planning Groups	Participatory Policy Innovator	Plans initiated but not completed	Process complexity exceeded citizen capacity	[70]
Tactical Mobilisers				
Tactical Urbanism Removed	Tactical Mobiliser	Temporary street interventions dismantled by authorities	Regulatory misalignment; lack of institutional embedding	[43]
Petition Campaign Collapse	Tactical Mobiliser	Rapid mobilisation followed by decay	No institutional pathway for formal adoption	[73, 72]
